

Blood Drive Planned April 4-5 at SWOSU

03.30.2011

A blood drive will be held this Monday and Tuesday, April 4-5, at Southwestern Oklahoma State University.

The drive, hosted by the SWOSU Collegiate Activities Board, will be from 11 a.m. until 4 p.m. in the Wellness Center on the Weatherford campus. The public is invited and encouraged to attend the drive powered by the Oklahoma Blood Institute.

"Past blood drives here at SWOSU have really reaped great results, and this time blood recipients shouldn't expect any less. With summer just around the corner, we really need all blood donors (old and new) to come give blood," said CAB Director Cody Sims. "This time around, we are not promoting any specific theme but rather just going right to the core and asking everyone to simply help save lives."

The drive includes health screenings and donor reward points.
